

UNITRON®

**IF YOU'RE LOOKING FOR THE
VERY BEST, LOOK FOR UNITRON
PRO BINOCULARS**

Unitron Pro series binoculars are designed for sportsmen and sports-lovers who appreciate the very finest. Fully coated optics including UV-coating on objective lens, multicoated eyepiece lens, Bak4 prisms, large exit pupils and extra long eye relief, all add up to the brightest and sharpest viewing possible. Their extremely lightweight and compact size make them easy to handle. Every detail has been well thought out down to the rubber eyecups, rubber objective bumpers, even a hidden tripod socket. Unitron Pro Binoculars, designed to meet professional standards. Includes high quality case and neck strap.
